

Calderara di Reno, 11st Jen.'11

Object: Regulation CE 1907/2006 (REACH)

Dear Customer,

We remind you that the REACH (Registration, Evaluation, Authorisation and restriction of Chemicals) is the European Community regulation on chemicals and their safe use; manufacturers and importers will be required to gather information on the properties of their chemical substances, which will allow their safe handling in order to improve the protection of human health and the environment through the better and earlier identification of the intrinsic properties of chemical substances.

Therefore, we'd like to acquaint you that:

- S.I.BO. has informed and involved all its Suppliers in order to respect what provided for the regulation in object
- S.I.BO. commits itself to informing you promptly in case of impacts with our supplies
- S.I.BO. manufactures and sells steel bushings without using the hazardous substances listed in the "Candidate List of Substances of Very High Concern for Authorisation" (SVHC list)
- S.I.BO. makes use of the protective oil AGIP Rustia 27, which doesn't contain hazardous substances (SHVC list), as here enclosed declared.

We remain at your disposal for any further information you may require.

Best Regards

S.I.BO. Srl
